CRITICAL COVERAGE DATES ARE ALL PAIN AND NO GAIN.

You can't schedule a sickness. JetBlue forces employees to come to work and share their sickness with co-workers and customers or face serious consequences.

Double punishment, zero reward. No premium pay or other reward for those who show up on those days. But, there is plenty of "Administrative termination" of employment.

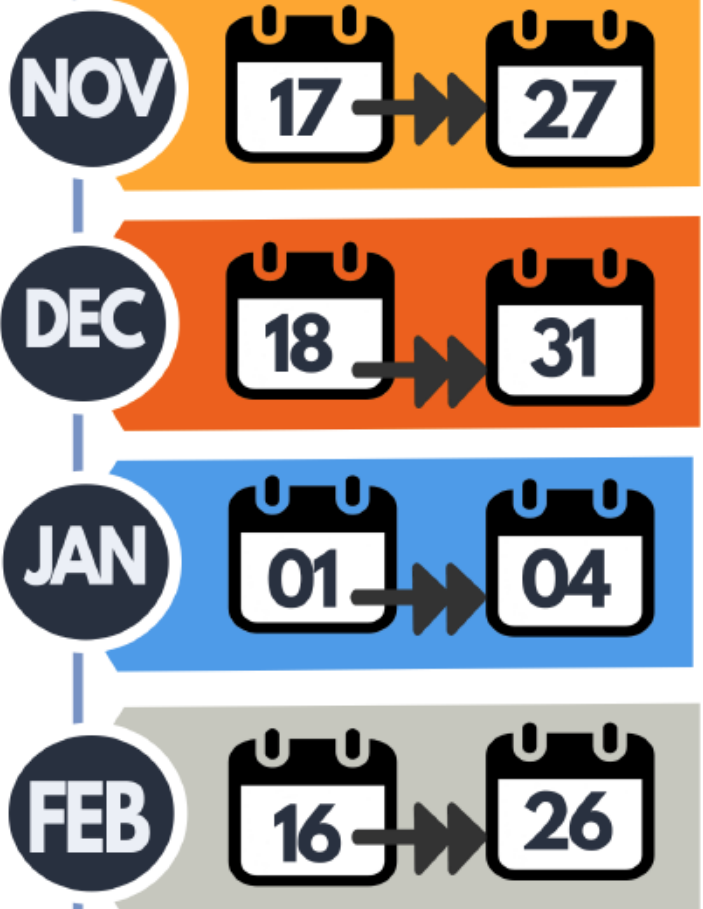

Holidays are stressful enough already. You shouldn't also have to worry about getting fired - on top of everything else.

Every customer on every flight - every day is important. We are professionals, and should strive to deliver 100% every day, not just on days that are chosen by management.

Tell JetBlue to stop putting profits before people. Sign a card and join the campaign.

Together, we can protect the jobs and dignity of thousands of our coworkers at JetBlue with a legally binding contract that can be enforced directly by Unionized Crewmembers.
