Dear General Vice President Pantoja and PDGC Klemm:

The National Football League Players Association is a proud member of the AFL-CIO and sister union of the IAMAW. Today we stand in support of the ongoing efforts of the IAMAW to organize the Jetblue Ground Ops Crewmembers and look forward to the day that they have union representation and a fair and equitable contract.

When our members take to the field, they have the full protections of a strong union. When the Jetblue Ground Ops workers go to the airport and step on to their field, they should also have the labor protections afforded by the collective bargaining process. To that end, the NFLPA strongly encourages Jetblue Ground Ops Crewmembers to sign your IAM authorization card today.

Fraternally,

DeMarrise F. Smith
Executive Director
